## What is Scrip?

### *Free Money for the School:*

This unique program allows you to spend your money at stores and restaurants using gift cards provided by the scrip company. The consumer pays the dollar amount on the gift card and it spends like cash at the store or restaurant for which it is designated. The store or restaurant then reimburses the school 2%-25% of the total dollar amount of the gift card. *This is FREE money from an outside source!* You only pay for the face value of the gift card...it's just like spending cash... ONLY better, there's a reward for the school and you!

### *Free Tuition Money for You:*

Your family can designate half of the percentage earned back by the school to be used for your next year's tuition bill.

Example: Kohl's gives 4% back--2% to the school; 2% to the family. The percentage you get back will add up quickly when you use SCRIP regularly or just for your large purchases (ie: home improvement projects; gas; groceries).
